## SIMMONS CELLAR

---

Our wine programme has been carefully assembled to reflect the spirit of Simmons —modern, welcoming and rooted in quality.

Rather than simply listing wines by country, this collection has been built as a journey through the world's great wine regions, showcasing both internationally recognised producers and hidden gems that deserve to be discovered. Every bottle has been chosen for its balance, authenticity and ability to complement the seasonal menus created by our culinary team.

The collection spans over one hundred carefully selected wines, offering a broad spectrum of styles and price points. From crisp, mineral-driven whites and elegant Pinot Noirs to age-worthy Bordeaux, expressive Rioja and prestigious Champagnes, the programme is designed to offer something for every palate and every occasion.

For those wishing to explore by the glass, our selection has been created with the same care as the bottle list. It offers guests the opportunity to experience different regions, grape varieties and winemaking styles while pairing seamlessly with the menu.

Wine should be enjoyed without complication. Whether you know exactly what you're looking for or would like guidance from our team, we encourage you to explore, ask questions and discover something memorable.

Our sommeliers and service team are delighted to assist with recommendations, food pairings and special selections from our cellar, ensuring that every visit to Simmons is accompanied by the perfect glass or bottle.

We hope you enjoy this collection as much as we have enjoyed creating it, and that it becomes an integral part of your experience at Simmons.
